

§ 240.7

32 CFR Ch. I (7–1–21 Edition)

(g) DoD IASP retention participants are obligated to remain in good standing in their degree programs, to continue in service as civilian employees or members of the Military Services, and where applicable, to repay program costs for failure to complete the degree program satisfactorily, or to fulfill the service commitment pursuant to 10 U.S.C. 2200 and 7045, DoD policy, and the policies of the respective DoD Component.

§ 240.7 Recruitment program.

(a) Annually, in November, the DoD IASP Executive Administrator announces a solicitation for proposal from CAEs interested in participating in the DoD IASP. Graduate students and rising junior or senior undergraduates accepted at or enrolled in one of these institutions may apply for full scholarships to complete a bachelor's, master's, or a doctoral degree, or graduate (post-baccalaureate) certificate program in one of the disciplines defined in §240.4(c). Student application requirements are included in the solicitation proposal released by NSA.

(b) DoD Component recruitment student requirements are due to the DoD IASP Executive Administrator each year by January 31st.

(c) The student selection process occurs annually in April. The selection process is outlined in the DoD IASP Nomination Process for Recruitment Students.

(d) Recruitment students are provided scholarships, covering the full cost of tuition and selected books and fees. Students are also provided a stipend to cover room and board expenses.

(e) Recruitment students may be required to complete a student internship, depending on the length of their individual scholarship. For example, if a scholar receives a scholarship their junior year, an internship is required. If they receive the scholarship their senior year, an internship is not required. DoD Components typically use the authority granted in 5 CFR 213.3102(r) to arrange the internship.

(f) Pursuant to 10 U.S.C. 2200a, all recruitment students shall sign a service agreement prior to commencement of their education and incur a service commitment, which commences after

the award of the DoD IASP authorized degree on a date to be determined by the relevant DoD Component. The obligated service in DoD shall be as a civilian employee of the Department or as an active duty enlisted member or officer in one of the Military Services.

(1) Individuals selecting employment in the civil service shall incur a service obligation of 1 year of service to the DoD upon graduation for each year or partial year of scholarship they receive, in addition to an internship, if applicable. Pursuant to the authority granted in 10 U.S.C. 2200a(g) and the Under Secretary of Defense for Personnel and Readiness Memorandum, "Implementation Authority to Employ Individuals Completing Department of Defense Scholarship or Fellow Programs," April 5, 2010. DoD Components may appoint DoD IASP graduates to IT positions as members of the excepted service. Upon satisfactory completion of 2 years of substantially continuous service, DoD Components may then convert these individuals to career or career-conditional appointments without competition.

(2) Individuals enlisting or accepting a commission to serve on active duty in one of the Military Services shall incur a service obligation of a minimum of 4 years on active duty in that Service upon graduation. The Military Services may establish a service obligation longer than 4 years, depending on the occupational specialty and type of enlistment or commissioning program selected.

(g) Individuals in the recruitment program who fail to complete the degree program satisfactorily or to fulfill the service commitment upon graduation shall be required to reimburse the United States pursuant to 10 U.S.C. 2200a(e) for payments made to them through the DoD IASP unless a waiver, in whole or in part, is granted by the DoD IASP Executive Administrator.

§ 241.1 Purpose.

(a) The purpose of this part is to implement section 1110 of the National Defense Authorization Act for Fiscal Year 2010 (Pub. L. 111-84), which authorizes DoD to implement a Pilot Program for the Temporary Exchange of Information Technology (IT) Personnel. This statute authorizes the temporary assignment of DoD IT employees to private sector organizations. This statute also gives DoD the authority to accept private sector IT employees assigned under the Pilot. This program is referred to as the Information Technology Exchange Program (ITEP) pilot.

(b) DoD Component authorized approving official may approve assignments as a mechanism for improving the DoD workforce's competency in using IT to deliver government information and services. DoD Component authorized approving official may not make assignments under this part to circumvent personnel ceilings, or as a substitute for other more appropriate personnel decisions or actions. Approved assignments must meet the strategic program goals of the DoD Components. The benefits to the DoD Components and the private sector organizations are the primary considerations in initiating assignments; not the desires or personal needs of an individual employee.

§ 241.2 Definitions.

In this part:

Detail means the assignment of a DoD employee to a private sector organization without a change of position; or the assignment of a private sector

employee to a DoD Component without a change of position.

DoD employee means a Federal civilian employee of the DoD.

Exceptional employee means performance meets or exceeds all standards established at the fully successful level or above and makes significant contributions towards achieving the organizational goals. Participating organizations should target highly motivated, disciplined employees.

Information technology (IT) as defined means use of computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources. IT includes the planning, organizing, staffing, directing, integrating, or controlling of information technology, including occupational specialty areas such as systems administration, IT project management, network services, operating systems, software application, cyber security, enterprise architecture, policy and planning, internet/web services, customer support, data management and systems analysis.

Private sector organization means non-public or commercial individuals and businesses, nonprofit organizations, academia, scholastic institutions, and nongovernmental organizations.

Small business concern means a business concern that satisfies the definitions and standards by the Administrator of the Small Business Administration (SBA) as defined by 5 U.S.C. 3703(e)(2)(A).

§ 241.3 Assignment authority.

The Secretary of Defense may with the agreement, of the private sector organization concerned, arrange for the temporary assignment of a DoD employee to a private sector organization or accept a private sector employee from a private sector organization to a DoD Component.

§ 241.4

32 CFR Ch. I (7–1–21 Edition)

§ 241.4 Eligibility.

(a) To be eligible for an ITEP detail, a DoD or private sector employee must:

- (1) Work in the field of IT;
- (2) Be equivalent at the GS-11 level or above

- (4) Be expected to assume increased IT responsibilities in the future;
- (5) Be currently employed by an organization interested in participating in the ITEP pilot; and
- (6) Obtain supervisor and company approval before an employee can participate in an ITEP detail.

(b) In addition to meeting the requirements of paragraph (a) of this section, the DoD employee must be serving under a career or career-conditional appointment or an appointment of equivalent tenure in the excepted service.

(c) The private sector employee must meet citizenship requirements for Federal employment in accordance with 5 CFR 7.3 and 338.101, as well as any other statutory requirements. When a position requires a security clearance, the person must possess, or be able to obtain an appropriate security clearance.

(d) Proposed assignment meets applicable requirements of section 209(b) of the E-Government Act of 2002.

§ 241.5 Written agreements.

(a) Before a detail begins, the DoD Component authorized approving official, private sector organization authorized approving official and the employee to be assigned to the ITEP detail must sign a three-party agreement. Prior to the agreement being signed the relevant legal office for the DoD Component shall review and approve the agreement. The agreement must include, but is not limited to the following elements:

- (1) The duties to be performed and length of detail;
- (2) Describe the core IT competencies and technical skills that the detailee will be expected to enhance or acquire;

(3) Identification of the supervisor of detailee.

(b) The agreement shall require DoD employees, upon completion of the assignment serve in the civil service for a period equal to the length of the detail; and

(c) Provide that if the employee of the DoD or of the private sector organization (as the case may be) fails to carry out the agreement, such employee shall be liable to the United States for payment of all expenses of the assignment, unless that failure was for good and sufficient reason as determined by the Secretary of Defense.

§ 241.6 Length of details.

(a) A detail shall be for a period of not less than 3 months and not more than 1 year, and may be extended in 3-month increments for a total of not more than 1 additional year by DoD Components and private sector organizations authorized approving officials.

(b) This extension may be granted in 3-month increments not to exceed 1 year. No assignment may commence after September 30, 2018.

[77 FR 36917, June 20, 2012, as amended at 79 FR 27488, May 14, 2014]

§ 241.8 Terms and conditions.

- (i) Consideration for promotion;
